

**quantum materials corporation qtmm board investors hub** - we use microflow reactors which can achieve high rates of heat and mass transfer resulting in a very uniform product therefore very little post processing is required explains krishna kowlgi senior research engineer at qmc, **last word archive new scientist** - at school we were shown that heating a bar magnet caused it to lose its magnetism how then if the iron core of earth is at a temperature high enough to liquefy it does it generate a vast, **cmu energy week 2019 cmu energy week 2019 speakers** - jay hakes is a writer and speaker based in new orleans specializing in energy history climate change and the american presidency he is the author of a declaration of energy how freedom from foreign oil can improve national security our economy and the environment and numerous articles , **tai shung chung phd national university of singapore** - tai shung chung of national university of singapore singapore nus read 875 publications and contact tai shung chung on researchgate the professional network for scientists, **matter energy news sciencedaily** - apr 19 2019 solid state sodium ion batteries are far safer than conventional lithium ion batteries which pose a risk of fire and explosions but their performance has been too weak to, **natural deep eutectic solvents mediated extractions the** - several interesting review reports concerning the features and applications of des have been published recently bubalo et al presented an overview of different green approaches for the extraction of plant biologically active compounds including supercritical fluid subcritical water and nades extractions their review evaluated contributions published until august 2017 with special, **methane conversion using carbon dioxide as an oxidizing** - recent trends on the direct conversion of methane employing carbon dioxide as an oxidizing agent are reviewed while oxidation using molecular oxygen involves the sequential oxidation of various intermediates to generate carbon dioxide and exhibits low selectivity for the desired products methane activation using carbon dioxide as an oxidant eliminates this sequential oxidation and has, **resolve a doi name** - type or paste a doi name into the text box click go your browser will take you to a web page url associated with that doi name send questions or comments to doi, **scientific programme setac rome** - tracks sessions the setac europe annual meeting in 2018 in rome will be the number one meeting place where scientists from academia business industry and government and from various disciplines will find new opportunities to present to debate and to disseminate the most recent scientific knowledge developments and applications for, **angewandte chemie international edition early view** - iridium based cubic nanocages are fabricated with a composition of ir 44 pd 10 together with well defined 100 facets and porous walls of only 1.1 nm in thickness as reported by y xia and co workers in their communication doi 10.1002/anie.201901732 when applied as a catalyst toward water oxidation the nanocages show substantially enhanced activity and durability outperforming, **batteries and supercapacitors fundamentals materials and** - efficient renewable energy management is required for a sustainable development and electrochemical energy storage is expected to play a key role in this process in a near future this symposium will cover the state of developments in the field of electrochemical energy storage with a focus on novel chemistries advanced materials and design considerations of batteries and supercapacitors for, **find a supervisor phd project nui galway** - one of the most important parts of choosing a research programme is finding a supervisor who has relevant expertise in your area of interest when you find a supervisor who or a project that aligns with your research interests you should make contact with the relevant potential supervisor lecturer professor or nui galway staff member to discuss matters further, **peer reviewed journal ijera com** - international journal of engineering research and applications ijera is an open access online peer reviewed international journal that publishes research
